

RACE NO BARRIER REPUBLICANS SAY

Decision Respecting Party Vote
in Southern States of Vital
Importance

DECIDE FLORIDA CASE

General Wood Virtually Scores
Another Victory in Settlement
of Delegation Contest

Chicago, June 3.—Beside settling
the delegation contest from Florida
by splitting the decision, the Republi-
can national committee today took
many members construed to be
one of the most important action of
years respecting the party's vote in
southern states. Aroused by the num-
ber of delegate contests in which elec-
tion was brought that district con-
ventions had been held in places
where negroes were excluded by cus-
tom or practice, the committee by un-
animous resolution gave notice that
conventions for the selection of dele-
gates in 1921 must be held in places
where race was no barrier to partici-
pation.

A resolution to that effect offered
by Charles B. Warren, national com-
mittee man from Michigan, aroused
lively discussion and some hot retorts
from the southern committee mem-
bers, because in its language it origi-
nally referred to the southern states
collectively. When amended to refer
to all states alike however, it found
no opposition and the southern com-
mittee men voted for it.

Victory for General Wood.

The decision in the Florida case
was a Wood victory in the sense that
it keeps six votes for the General on
the roll when his candidacy was
threatened with the loss of all votes
from that state. Out of a mess of legal
technicalities the committee came
to the conclusion that in a strict legal
sense neither the delegates at large of
the so-called Gerow faction, headed
by National Committeeman Bean,
which are counted in the Wood col-
umn, nor the delegates at large head-
ed by H. L. Anderson of Jacksonville,
which are counted for Senator John-
son, are to be seated. It was con-
sidered, however, with practically
abolishing the Republican party in
Florida if it declined to seat some
body. Mr. Warren of Michigan, how-
ever, presented the compromise by
which both sets of delegates at large
of the Gerow and Anderson factions
were ordered seated with a half vote
each.

Demands Woman Vice Chairman.

Chicago, June 3.—Plans for a de-
bate that the Republican National
committee be increased from 45 to 90
members and that a woman vice chair-
man be appointed, were announced
today by Miss Mary Garrett Hay of
New York, chairman of the Republi-
can Women's National executive com-
mittee.

FORSEES WAR WITH MEXICO

Samuel Gompers Predicts Eventual-
ties From Senate's Recent
Investigations.

Washington, June 3.—Samuel Gom-
pers, president of the American Fed-
eration of Labor, declared in a formal
statement tonight that war between
the United States and Mexico would
result from the carrying out of the
recommendations of the senate com-
mittee which investigated Mexican af-
fairs.

"The report of the senate sub com-
mittee investigating conditions in
Mexico, under the chairmanship of
Senator Albert B. Fall," Mr. Gompers
said, "amounts to a declaration that
tosses the government of Mexico re-
verses its constitution in accord
with the ideas of American oil and
mining interests, the government of
the United States will intervene in
Mexico."

EQUIP CONVENTION HALLS WITH SOUND AMPLIFIERS

Chicago, June 3.—Electrical sound
amplifying devices which will enable
speakers at the Republican conven-
tion here next week and at the Dem-
ocratic convention in San Francisco
later in the month to be heard in ev-
ery part of the hall, will be installed
by the Bell Telephone company, it
was announced here tonight.

A large transmitter will be placed
above the speaker's platform at each
convention and from it wires will run
to all parts of the hall, connecting
with small receivers which in reality
will act as transmitters and will car-
ry the speakers' voices all over the
hall.

SEIZURE WHISKY WORTH \$11,000

St. Paul, June 3.—Seven barrels
of whiskey were seized by federal
agents at 1 o'clock this morning in an
apartment building in West street.
Agents claim the liquor was the prop-
erty of George Duchane and that it
was valued at \$11,000. It is said that
a part of the liquor seized was recent-
ly taken out of bond. No arrests have
been made.

POLISH ARMY IN FLIGHT

Copenhagen, June 3.—It is reported
here that the Polish army is in wild
flight pursued by an enormous Bo-
hemia force.

TO DEBATE SUCCESSOR TO CHARLES S. WILSON

Farms and Markets Council
Meets in Albany Today to
Consider Vacancy

Albany, June 3.—A meeting of the
farms and markets council will be
held here tomorrow to take action on
the resignation of Charles S. Wilson,
state commissioner of agriculture, Wil-
liam E. Dana of Avon, president of
the council, announced tonight.
Whether a successor will be appointed
at this time was not known.

Commissioner Wilson, in his letter
of resignation, gave as a reason that
his large farm demanded his entire
attention, owing to the ill health of
his father. His resignation is to take
effect July 1.

Mr. Wilson was appointed commis-
sioner of agriculture by Governor
Whitman in 1915 and later, when the
farms and markets council was cre-
ated, was made head of the agricul-
tural division. He was graduated
from Cornell university in 1904 and
later was a professor there.

New York, June 3.—The New York
conference of farm organizations,
comprising the executive committees
of all farmers' organizations in the
state, will meet in Syracuse tomor-
row to recommend the appointment
of a successor to Charles S. Wilson,
state commissioner of agriculture, who
has resigned. The call was sent out
today by E. R. Eastman, secretary of
the conference.

OFFER \$7,500 REWARD FOR KIDNAPPED CHILD

Authorities Meanwhile Are With-
out Clue to Abductors of
Norristown Infant

Norristown, Pa., June 3.—Rewards
amounting to \$7,500 have been offered
in connection with the kidnapping
of Blakely Coughlin, the 13-months-
old child of Mr. and Mrs. George H.
Coughlin of this city. Yesterday, when
the Montgomery county commissioner
learned of the matching of the golden-
haired infant from its crib in the mid-
dle of the night, he offered a reward
of \$1,500 for the arrest and convic-
tion of the kidnappers. Today the par-
ents of the child advertised a reward
of \$6,000 for the return of the miss-
ing baby. Nothing was said in the re-
ward notice about arresting the per-
petrators of the crime. The father of
the stolen child expressed the belief
today that the baby is being held for
ransom. The county authorities tonight
had no clue to the abductors.

Because they found large and small
footprints where a ladder down which
the kidnappers took the child from a
second story window, the authorities
are looking for a man and woman.

RESOLUTE WINS TRIAL SPIN

Beats Vanitie in Tests Preliminary to
Cup Contest With Sir Thomas
Lipton's Challenger.

Newport, R. I., June 3.—The Reso-
lute defeated the Vanitie today in the
first of the trial races to determine
which yacht shall defend the Ameri-
can cup against Sir Thomas Lipton's
challenger, Shamrock IV. The race
was sailed over a 25-mile windward
and leeward course in a moderate
breeze, the Resolute crossing the fin-
ish line the victor by four minutes,
seven seconds elapsed time, and five
minutes, 39 seconds corrected time.

Both yachts had slight accidents
during the race. The Vanitie's main
sheet bridle, which delayed her for
a few seconds, while on the Resolute,
the jaws of the jaff jumped out of
the mast as she was turning the outer
mark. Both boats will meet again to-
morrow over a triangular course.

WOOD LAUDS PROHIBITION BUT EVADES IT AS ISSUE

Chicago, June 3.—Virgil G. Hin-
shaw, chairman of the Prohibition Na-
tional committee, who today announ-
ced his intention of obtaining from ev-
ery Republican candidate for the presi-
dency a statement concerning what
stand the party should take on prohi-
bition, tonight said that he had dis-
cussed the subject with Major General
Leonard Wood.

"General Wood told me that prohi-
bition had done more for the army
than any other one thing, but seemed
inclined to leave the matter for the
platform committee," said Mr. Hin-
shaw.

NEW BABY A "HERR"

Newark, N. J., June 3.—When At-
torney Douglas Herr and his wife, who
is a niece of former Secretary of War
Garrison, filed the birth certificate of
their brand new baby girl today, they
gave the child a temporary name,
"Herr," which indicates her sex in order to
leave the way open for subsequent
naming of her in accordance with the
tradition and temperament she may de-
velop with later years. "It's a Herr,"
read the entry of the register.

CONFIRM COOPER NOMINATION

Washington, June 3.—The nomina-
tion of Frank Cooper as federal judge
in the Northern New York district
was confirmed tonight by the United
States senate.

NEAR NEW PHASE IN CAMPAIGN QUIZ

Witnesses Throw Additional
Light on Problems of Presiden-
tial Candidates' Financing

MAY CHANGE SCOPE

Possibilities of Carrying Inquiry
Beyond November Election
Are Foreseen in Senate

Washington, June 3.—Senate com-
mittee investigation of pre-convention
presidential activities had approached
a new phase, if not a virtual conclu-
sion, tonight, further developments be-
ing in doubt pending action in the
senate on Senator Ponder's proposal
to change radically the scope and pur-
pose of the inquiry and carry it be-
yond the November election.

Action on the resolution, which
would bring congressional as well as
presidential campaigns within the
committee's jurisdiction, was delayed
at the request of Senator Lodge of
Massachusetts, Republican leader. It
will come up tomorrow when the com-
mittee, pending any alteration of its
charter powers, begins winding up the
hearing of witnesses, already summon-
ed.

The day's sessions were consider-
ably interrupted by senate votes on ad-
journment which drew members to the
floor. Three witnesses were heard,
however, two of them throwing addi-
tional light on the financing of Major
General Wood's campaign for the Republi-
can nomination, while the third
brought additional information as to
activities for Senator Harding and
Governor Lowden in Missouri.

Wood Present at Discussion.

From C. H. Duell of New York,
formerly connected with the Wood
financial arrangements, the committee
got the statement that General Wood
was present at a discussion at the
home of Ambrose F. Monell, in New
York last fall, where ways and means
of financing his campaign were talked
over. A formal meeting attended by
Duell, Monell and Robert Cassatt of
Philadelphia had been called, the wit-
ness said, and at this meeting Monell
proposed that a certain number of
men be asked to underwrite the cam-
paign expenses to the extent of \$500,
000. Cassatt finally declined to enter
the arrangement and his recollection
was that General Wood came in later
after the meeting. Discussion of the
financial side of the campaign had
continued, but he did not recall any-
thing that General Wood might have
said in that connection. Questions by
Senator Reed, Democrat of Missouri,
drew from the witness a statement
that in view of the general nature of
the conversation, General Wood could
not have failed to have known its pur-
port and the amount being discussed
as necessary to raise.

AIDS PROHIBITION AGENTS

Instructions Issued by Attorney Gen-
eral Palmer Make Easier En-
forcement of Laws.

Washington, June 3.—Enforce-
ment of prohibition was made easier
for federal agents by instructions sent
to all district attorneys by Attorney
General Palmer tonight that their ap-
proval is not required for the issuance
of warrants for offenders under the
prohibition enforcement act.

Some confusion has arisen because
warrants charging offense against the
internal revenue laws must be approved
by the United States attorney of the
district before issuance, but the prohi-
bition enforcement act, the Attorney
General said, is not an internal re-
venue law and specifically authorizes
prohibition agents to swear out war-
rants for offenders.

HELP TO CLEAR FREIGHT JAM

President of Railway Executives' Car
Service Committee Promises Full
Co-Operation.

Washington, June 3.—Full co-op-
eration was today promised the Inter-
state Commerce commission in relieving
the freight jam, by Daniel Wil-
liard, president of the Association of
Railway Executives' car service com-
mittee, in reply today to the commis-
sion's telegram of yesterday, declar-
ing that its orders were not being car-
ried out by the carriers.

Mr. Williard telegraphed the com-
mission from New York that he had
called the commission's orders design-
ed to relieve the freight congestion to
the attention of all railroad execu-
tives. He added that he felt sure that
it would not be necessary for the
commission to carry out its threat of
invoking the penal provision of the
interstate commerce act.

UNITED STATES REPRESENTED

Washington, June 3.—The United
States will be represented unofficially
at the forthcoming conference at Lon-
don between Gregory Kravitz, Bolshe-
vik minister of trade and commerce,
and representatives of the supreme
economic council, it was said today by
officials here.

FORMER UTICA MAYOR DIES

Utica, June 3.—Francis M. Bur-
dick, mayor of Utica in 1882 and for
many years professor of law at Col-
umbia university, died this morning
at Port Jervis, Madison county, his
birthplace.

Record Price for Jersey Paid by Meridale Farms

Mr. Kisco, June 3.—A record
price in New York state for a three-
year-old Jersey cow is believed to
have been paid today for Fern Ox-
ford Triumph, bought for \$15,000
by Meridale Farms of Meridale, at
the cattle sale on the farm of Ed-
mund Butler, Gypsy Lambgo Ladd,
a three-year-old bull, was sold for
\$25,000 to C. E. Stureshan of
Hartford, Conn. At a sale here
last year, Sybil Gamboe, a three-
year-old bull, was knocked down for
a \$65,000 record. Today's sale
of the herd of 69 cattle brought
\$186,000.

BARE MANY EPISODES OF MEXICAN REVOLT

Interesting Incidents Hitherto
Unpublished Are Related For
Entertainment of Public

Mexico City, June 3.—The revolu-
tion which overthrew President Carranza
and culminated in his death was
attended by many interesting and ex-
citing episodes which could not be re-
ported to the outside while the coup
was in progress. Some of the discov-
eries which have followed the installa-
tion of new authority in the capital
city, too, have been entertaining.

Notable was that revealed by an
interior official of the treasury de-
partment, who announced they had
found evidence of a fraud which had
netted somebody an amount estimated
at about 1,000,000 pesos. The papers
here say that, when the inflexible
paper money with which the country
was flooded during the last previous
revolution) were burned, about one-
quarter of the amount officially re-
ported to have been destroyed had been
previously extracted and sold at the
current rate of 10 centavos on the peso.
The Carranza government had been
taking the old paper money in as a
sort of surtax on import duties and
other taxes. Later it was supposed to
be burned.

While no disorders occurred in the
capital during the evacuation by the
Carranza government and the occupa-
tion by the liberal revolutionary
forces, nor did public services cease
functioning for an instant, the inhabi-
tants of the capital were victims both
of inconveniences and profiteers. Food
prices increased, and change, which
has been the bane of everybody
since silver began its sensational rise
months ago, sold at a 15 per cent
premium.

The Indians who sell produce in
the markets demanded metal curren-
cy and got it. Many foreigners, fear-
ing a protracted struggle and a food
shortage, laid in ample supplies. One
American housewife bought 39 chick-
ens, which she put to roost in the
bathroom of her apartment. She was
too excited to heed the advice of the
Indian woman who sold the fowls that
she should buy ducks.

The spectacle of a city of 1,000,000
inhabitants absolutely cut off from
communication with the world for al-
most nine days was not the least in-
teresting phase of the evacuation by
Carranza. Both cable and telegraphic
communication ceased about 9 p. m.
on May 6. Until May 15, the cable
lines were useless. An unreliable line
was set up by the government to the
American border in the afternoon of
May 8, but it was devoted exclusively
to military and outgoing business.
Nothing was received from the outside
world until the cable lines were re-
stored.

Because of numerous delays and
other wire troubles, those sending
messages from the capital could not
learn if their messages reached their
destination. The same conditions ob-
tained more or less throughout these
parts of the republic distant from the
border and the coasts.

Foreign press correspondents filed
stories on the national lines, trusting
to luck that part of them might sur-
vive. As safeguards, they left summa-
ries with the military authorities
for possible transmission by govern-
ment wireless, filed other summaries
with the cable company, and still
others with travelers leaving in at-
tempts to reach the border.

MRS. ODELL FOUND GUILTY OF SECOND DEGREE MURDER

Rochester, June 3.—A superior
court jury at 11:49 o'clock tonight
returned a verdict of guilty of murder
in the second degree against Edith
Beaver Odell, charged with assisting
her husband, James L. Odell, who is
awaiting execution at Sing Sing prison,
in the murder of Edward J. Kelly on
the night of January 4, last. Immedi-
ately after announcement of the ver-
dict, Justice Robert H. Thompson
sentenced her to 29 years' imprison-
ment at hard labor in Auburn. The
jury was out seven hours and a half.

COLOMBIA TREATY ISSUE

Washington, June 3.—Recommend-
ations that the long pending treaty
with Colombia, growing out of the
partitioning of Panama, be reported
back to the senate for final action,
were made to the foreign relations
committee today by the sub-commis-
sion appointed to draft an amendment
designed to protect American oil and
mining interests from the operation of
a presidential decree recalled by
some senators as contradictory.

BUFFALO FIRM IS FINED \$18,000

Antwerp Diamond Company
Found Guilty of Violating Lever
Act, on 60 of 61 Counts

PROFITS FIGURED 150%

Leniency, However, Is Recom-
mended By Judge J. R. Hazel,
Presiding Justice

Rochester, June 3.—The Antwerp
Diamond company, which operates
three credit jewelry and clothing
stores in Buffalo, was found guilty in
United States district court here today
of a violation of the Lever act, by
charging unjust and unreasonable
prices for clothing, and was fined
\$18,000.

The jury found the company guilty
on 60 of the 61 counts of the indict-
ment and recommended leniency in
the case. Judge John R. Hazel, in
pronouncing sentence, said that the
hazardous, losses and unusual risk at-
tendant to a credit business, should
be taken into consideration.

Profits of 150 Percent.

In the indictment, the company is
charged with having sold items cost-
ing \$22 for \$66; those costing \$27.50
for \$41.25; those costing \$32.50 for
\$48.75 and those at \$30 for \$45. The gov-
ernment attorneys brought out the
fact that the company marked up its
merchandise at a profit averaging 150
per cent. Witnesses introduced by the
defendants said that such a profit was
necessary to cover the losses incurred
by a credit company.

Carl Sherman, federal assistant dis-
trict attorney, who is prosecuting the
case, charged that the company in the
last ten months had sold merchandise
purchased for \$49,445 for \$123,145.
The company contended that it had
to charge off 25 per cent of its busi-
ness to cover losses in collection and
submitted a long list of accounts which
it was claimed were not collectible.

James O. Moore of Buffalo, attorney
for the defendant company, moved
for an arrest of judgment and for a
new trial, but was denied by Judge
Hazel.

The Antwerp Diamond company an-
nounced through Samuel H. Cohn, its
general manager, that it would start
proceedings to sue for a writ of error
in the supreme court.

IRISH POLICE STATUS BROADLY DISCUSSED

House of Commons Devotes En-
tire Evening to Consideration
of Home Rule Provisions

London, June 3.—The greater part
of the evening was devoted by the
house of commons tonight to the dis-
cussion of the status of Irish police
under the home rule bill.

The government finally accepted an
amendment providing that the trans-
fer of the constabulary should not be
earlier than three years from the bill's
coming into operation, and Walter
Hume Long, as spokesman for the gov-
ernment, promised favorable consid-
eration for Sir Edward Carson's sug-
gestion that, instead of being trans-
ferred to the Irish parliament, the con-
stabulary should be disbanded and
compensated and the two parliaments
allowed their own police forces until
by identical act they called for the
change.

During the course of the discussion,
Mr. Long declared that if an attempt
were made to use the bill to establish
an Irish republic, the bill would be
suspended and the imperial parliament
would take the steps necessary to re-
store law and order. He also warmly
repudiated another suggestion that the
Irish police were not allowed to shoot
in self defense. There was not a
shadow of foundation for such
suspicion, he asserted. On the con-
trary, the police had shot with good
effect and he hoped would shoot again
if occasion required.

BIGGEST SEA FIGHTER AFLOAT IS LAUNCHED

Tennessee, Most Formidable of
Fighting Craft, Put in Com-
mission At New York

New York, June 3.—The super-
dreadnaught Tennessee, biggest and
most formidable fighting ship afloat,
went into commission at the New York
navy yard today in a six-minute cere-
mony in which a ten-word order from
the bureau of navigation did the busi-
ness.

Rear Admiral McDonald, command-
ant of the yard, read the order which
put the great craft into commission.
"You will place the Tennessee in
commission on June 3."

Captain R. H. Leigh then read a
vice-word order from Secretary of
Navy Daniels. "You will take com-
mand of the Tennessee when com-
missioned."

Captain Leigh "obeyed orders" with
the battleship's crew at salute when
he took command; a band struck up
"The Star Spangled Banner," and the
ceremony was over.

REDUCE MEXICAN ARMY TO HALF PRESENT SIZE

Francisco Villa, Offered Leader-
ship of New Rurales, Seeks
Private Life Instead

Washington, June 3.—Reduction of
Mexico's army has been started at the
suggestion of General Obregon, ac-
cording to advices received in Wash-
ington today from the de facto gov-
ernment. General Obregon is quoted
as saying that the army will be re-
organized and reduced to half its
present size.

The organization of a force of ru-
rales to police the outlying parts of the
country also has begun, these advices
state. Negotiations were opened with
Francisco Villa, the rebel leader, to
head the new rurales, but Villa is re-
ported to have refused.

The report received today by the
state department that General Ignacio
Chihuahua, military commander of the
Chihuahua district, was in active pur-
suit of Villa, following a battle yester-
day at Parra, is believed by repre-
sentatives of the de facto govern-
ment to be a mistake. They said the
military movement against Villa had
been held up pending negotiations to
bring about his peaceable retirement.

Villa, the agent said, has notified
the de facto government that he de-
sires no position for himself, but
wishes to retire to private life. He is
holding out, however, for full guaran-
tees of his subordinates and for the
promise of enactment of certain
legislation to modify the more radical
part of the Licerato constitution.

Some observers here of Mexican af-
fairs believe this constitution will be
the rock on which the next break of
the various Mexican factions will
come. Mueveiro in Oaxaca still is in
revolt, now against the de facto gov-
ernment, for the restoration of the
constitution of 1855 and he is sup-
ported by the entire government of
the state.

CONGRESS TO ADJOURN ON SATURDAY, JUNE 5

Extra Session Will Not Be Called
"Unless Grave Emergency
Arises"

Washington, June 3.—The resolu-
tion to end the present session of con-
gress Saturday, already approved by
the house, was adopted in the senate
today after Democratic senators had
given assurances that President Wil-
son had no present intentions of call-
ing an extra session during the sum-
mer.

Republican and Democratic leaders
joined forces in bringing the resolu-
tion to passage, but a score of sena-
tors, 15 of them Republicans and
seven of them Democrats, made a vig-
orous fight to attach an amendment
by which congress would reassemble
after the national conventions.

On the final roll call, the vote was
44 to 24—24 Democrats and 20 Re-
publicans voting for the resolution
and nine Democrats and 15 Republi-
cans voting against it.

Announcement of the President's
position, which had been the cause of
much disquietude during the framing
of adjournment plans, was made from
the senate floor by Senator Under-
wood of Alabama, the administration
leader. He said he had been author-
ized by Secretary Tamm to say that
Mr. Wilson would not call congress
back into session "unless a grave
emergency arises."

BETTER POSTAL SERVICE PAY

Bill Adopted by Senate Affects Ap-
proximately 300,000 Employees,
and Increase Totals Millions.

Washington, June 3.—After less
than an hour's consideration, the sen-
ate tonight passed without a record
the bill providing increased pay
for postal employees. Similar action
was taken by the house earlier in the
day, and the measure now goes to con-
ference.

Amendments adopted by the senate
change the measure but little and
prompt agreement in conference is ex-
pected.

The bill would affect approximately
300,000 postal employees in the United
States, Porto Rico, Hawaii and Alaska
and would increase the postal pay
roll the first year \$24,775,966. Addi-
tional increases for the succeeding
three years would average approxi-
mately \$17,000,000 annually. The bill
carries out recommendations recently
made by the joint congressional com-
mission, following an investigation
covering more than a year into the
salaries received by post office em-
ployees.

CUTS PRESIDENTS SALARY

Washington, June 3.—A bill pro-
viding for reduction of the salary of
the President of the United States
was introduced today by Senator Smith,
Democrat of Georgia. Senator Smith
also introduced a resolution propos-
ing an amendment to the constitution
which would limit the President to
one term of six years.

APPROVE ARMY BUDGET

Washington, June 3.—The house
adopted the conference report on the
army appropriation bill tonight by a
vote of 27 to 11. The bill carries
\$335,000,000.

VOTE TO REPEAL WAR TIME LAWS

Lever Food Control and Trading
With Enemy Acts Only Ex-
ceptions Provided

RESTS WITH SENATE

House Adopts Resolution by a
Vote of 323 to 3, Three
Democrats Opposing

Washington, June 3.—All war
laws, excepting the Lever food con-
trol act and the trading with the en-
emy act, would be repealed by a resolu-
tion adopted today by the house,
323 to 3. The only negative votes
were cast by Representatives Garrett
and Sims of Tennessee, and Wellins,
Utah, all Democrats.

Approximately 16 laws, most of
them conferring broad discretionary
authority on the President as long as
the technical state of war continues,
would be removed from the statute
books by the resolution.

With the house action, the repeal
resolution was sent to the senate,
where action on it is expected before
the adjournment of congress Satur-
day. House Democrats predicted that
President Wilson would approve the
measure. Representative Connolly
of Texas asserting that the President
was first to suggest the nullification
of the war acts. The Texas member

MARKET TENDS UPWARD
THOUGH VERY SLUGGISH

Shorts Again Limit Their Commitments in View of Demand Loan Rates

New York, June 3.—The trend of today's sluggish stock market session was irregularly upward, although there were no very obvious changes in general conditions affecting intrinsic values.

Shorts again deemed it advisable to limit their commitments in view of the easier tone of demand loans. Call money was abundantly offered at 5 per cent as compared with Tuesday's high rate of ten, but time money continued extremely scarce, most loans being restricted to midyear maturity.

A reactionary tone prevailed in foreign exchange, the London rate following most of yesterday's latest strength. The Bank of England's statement attracted attention because of the large increase of gold holdings and a sharp reduction of liability reserve.

In the steel trade there were rumors of price cutting for fall and winter delivery, but this was neutralized by an extension of the recent inquiry for railroad equipment and refined copper, the latter from foreign sources.

Apart from the fluctuations of selected issues still under professional or pool guidance, rails were the only features of note. Encouraging crop reports exerted further beneficial effects upon shares of western and southwestern roads.

Steel and advanced equipments were most prominent with intermittent interest in motor, oil, food, tobacco and shipping issues. Extreme gains of one to three points were materially shaded or entirely effaced, however, in the moderate selling at the close. Sales amounted to 425,000 shares.

Any tendency toward betterment in the bond market was checked by further persistent pressure upon Liberty issues. Gross recessions in the group extended from one-half to almost one and one-fourth per cent, with rallies at the end. The general domestic and foreign bond list was hesitant at slight changes.

Old U. S. bonds were unchanged on call.

TAKE SOME HOME
TO YOUR FAMILY

Goldine Is The Real Family Medicine
Which Should Be In Every
House At All Times

Goldine is a d-rective medicine. It has the distinction of being the only medicine that can be used as a family medicine, a remedy which can be used by all members of the family for their various ailments. It is a medicine which should be kept in every home at all times. Thousands of people who have used Goldine have determined that it is the only medicine that can be used by all members of the family for their various ailments. It is a medicine which should be kept in every home at all times.

Mr. Martin Scales of 215 Elm street, New Britain, Conn., writes: "When I got Goldine No. 1, I had to send for it, for I couldn't move out of the house. After the first bottle, I could walk down town for the second. It had helped me so much I had to get some Goldine in the house now and will never be without it."

Mr. John McGee of Milton, Vt., writes: "I have used the 1st and 2nd Goldine and would have to be operated upon. I got 2 bottles of Goldine No. 1, the stomach remedy, and have taken it. I feel better. I had rather have that medicine than a thousand dollars for it. I kept me out of the hospital. I feel better. I have used the 1st and 2nd Goldine and would have to be operated upon. I got 2 bottles of Goldine No. 1, the stomach remedy, and have taken it. I feel better. I had rather have that medicine than a thousand dollars for it. I kept me out of the hospital. I feel better. When a Woman is Nervous—Worried

The lives of most women are full of worry. Men's troubles are bad enough, but women's are worse. Worry makes women sick. It pulls them down, and in their weakened condition they are subject to pains, aches, weakness, backaches, headaches and dizzy spells. Most women neglect their health, and for this they pay the penalty. Any woman will find that neglect does not pay. A little more attention to health would brighten up her life. If she asks her neighbors she finds that Dr. Pierce's Favorite Prescription benefits a woman's whole system. It not only acts upon the troubles and weaknesses peculiar to women, but is an all-around tonic that braces the entire body, overcoming nervousness, sleeplessness, headaches, dizziness and a run-down condition.

BINGHAMTON, N. Y.—"Doctor Pierce's Favorite Prescription is the best medicine I have ever taken for the nerves and a run-down system. I took the 'Prescription' and found it very beneficial in building up my nerves and my whole system. My general health was so much better after taking it that I can recommend it as an excellent woman's tonic."—Mrs. MINNIE ASHMAN, 5 Elm St.

Mrs. William Cooke.—The Davenport Dramatic club presented a splendid drama here a few years ago, and those who remember that will want to see the comedy, "The Time of His Life," by the same club, in Chase & Bennett hall on Friday evening of this week.

WHAT'S DOING AT WEST END

Eighth Grade Pupils of Chestnut Street School Enjoy Picnic—Residential Changes—Personal and News Mention.

The pupils of the eighth grade of the Chestnut street school, with their teacher, Miss Margaret Palmer, enjoyed a picnic at Neahwa park yesterday afternoon and evening. About 50 of the young folks met after school and went by trolley to the park, where the hours were spent in games and other out-door amusements. Later, delicious refreshments, brought by the pupils, were served, together with excellent ice cream, furnished by the teacher. The young folks reported a "great" time.

Residential Changes.

Robert Lake moved Wednesday from 7 Parish avenue to the fine residence on Jefferson street, which he recently purchased of Arthur Germond. This house was only recently completed and makes a fine residence for the Lakes, who are well pleased with it.

CURRENT COMMENT.

There is hope in Rome that the long-standing differences between the Vatican and the Italian national government will be composed. Should this be brought about, the Pope will no longer be denominated "the prisoner of the Vatican," as has for many years been the case, since he will, doubtless, following the adoption of the concordat, show himself publicly in Rome and elsewhere in Italy. It is understood that Pope Pius X has many times expressed the desire to leave the Vatican when occasion seemed to demand it, as at the time of the Messina and Calabria earthquakes.

The possibility of the adoption of the suffrage amendment to the federal constitution prior to the November election is lessened by the adjournment sine die of the Delaware legislature without taking action thereon. With the margin so narrow, there is no doubt that the amendment will eventually be adopted, either by the action of Delaware or some of the other states which have not as yet signified their approval. It is noted that the failure of the Delaware legislature to act was in spite of the personal efforts of President Wilson, who expressed "deep interest in the suffrage amendment, and my judgment that it would be of service to the Democratic party to act upon it favorably."

A recent issue of "Stars and Stripes," the service man's paper now printed in Washington, calls Linn A. E. Gale the noisiest American slacker, and says that he will never dare return to America while there is any law in this country. Both assertions are indisputable, but Gale says that "some day the slackers in Mexico and elsewhere will go back to their home countries. When they do they will make different laws." Linn need not hurry, the country is getting along very well without him.

It is the conviction of John Bassett Moore that two years is long enough for a President to hold office. It is the conviction of most citizens of the United States that once in four years is often enough for the general uncertainty in business, commercial and industrial circles, which accompanies a general election. If Dr. Moore wants more frequent and exciting political overturn, Mexico and the South American republics—some of them—have open ports for immigration.

Now that the platform builders of both parties are busy, "may we not" suggest that one thing which may with advantage be studied by statesmen alike at Chicago and San Francisco is brevity? Too seldom is any platform carefully perused even by ardent partisans, and perhaps one reason is that too much verbiage wears the patience, begets the intellect and muddles the understanding. The Ten Commandments are models of brevity. So was the Constitution of the United States until the age of amendments. Can it be that the fathers of the country know better than their great-grandchildren do the value and significance of the written word?

Congress, when it adjourns Saturday, will have provided for the expenditure of more than four billions of dollars for the expenses of government for the coming year. There is less than was asked by the various departments by a total of \$1,400,000,000, but is four times greater than annual requirements in years before the war. It is a general sentiment that at the earliest possible date we should cease talking in billions and get down in every department of government and of business to more modest figures.

It is to be regretted that Senator Calder should have permitted himself to make a wanton and apparently unprovoked attack upon Hon. Charles R. O'Connor, federal director of prohibition enforcement for New York state, in an address at Washington on Wednesday. Whoever knows Charles O'Connor has confidence in his ability and his absolute integrity, and they do not need telling either that he has no knowledge of illegal withdrawal of spirits. Also they know that he is fit for his job. In his reply to the Calder allegations, Mr. O'Connor says: "There is no inside job going on here. Our office books are open to the public and there is nothing hidden." And what Mr. O'Connor says may be relied upon.

Justice Nichols Ill.

Justice Charles E. Nichols of Cobleskill, well known in Otsego county, is under treatment at a hospital in New York city for an affliction on his neck. He will be unable to preside at an adjourned term of court scheduled to open in Albany today.

Says Avery Goodman:

"I was in Cooperstown 'other day," said the above-named Portlandville resident, "and I seen one of them ev'n' in dresses on a lay figger in a show window. The label said '20 per cent off.' By gum, I thought it was more!"

THEIR GOLDEN WEDDING DAY

Many Friends of Mr. and Mrs. A. D. Dye of Towanda, Pa., Join in Observance—Groom and Bride of 1870 Former Oneonta Residents.

In The Star of Tuesday last, there was brief notice of the fact that several friends from Oneonta had been present the previous evening at the Golden Wedding anniversary of Mr. and Mrs. A. D. Dye of Towanda, Pa. The Towanda Daily Review of Wednesday devotes nearly a dozen's column space to the event, the article being accompanied by portraits of the happy couple, whose wedded life is now fifty years young. Extracts from the account of the wedding will be of interest to many of our readers, who have very pleasant earlier recollections of Mr. and Mrs. Dye. See the Review:

"There was open house at the Dye home last night and hundreds of their friends and neighbors came to congratulate Mr. and Mrs. Dye, who are among the best known and most highly respected Towandians. It was a joyous occasion with all, especially with Mr. and Mrs. Dye, who despite their years are still active and in good health.

"Present at the church and dinner were ten persons, who witnessed the

Mr. and Mrs. A. D. Dye.

marriage of Mr. and Mrs. Dye half a century ago. In this company of ten were the four brothers of Mrs. Dye and her only sister, the circle of children not being broken, though father and mother are departed, and each member of the last three generations on the Breese side of the family was present. The dinner was served in the dining room of the Methodist Episcopal church, of which for 42 years Mr. Dye has been trustee. The dinner included an individual serving of the original wedding cake of fifty years ago.

"Following the dinner, Rev. Asahel Breese, rector of the Episcopal church at Greene, acted as toastmaster and introduced the several speakers and musicians who had part in a very appropriate program; later several responded informally, among them Frank H. Breese of Oneonta and Ira S. Jarvis of Hartwick Seminary.

"Among the numerous guests were Mr. and Mrs. Frank H. Breese, Mr. and Mrs. Lynn Breese and Mr. and Mrs. Clyde Breese of Oneonta, Ira

JACK PICKFORD in The Little Shepherd of Kingdom Come GOLDWYN PICTURES.

John Fox Jr. is the author of the novel from which this screen adaptation was made. Mr. Fox is familiar with the name of this author. Mr. Fox more than read his works. One need not run over the long list of his successes. To mention only a few, one recalls some of the publishing sensations of the decade such as "The Kentuckian," "Knights of the Cumberland," "The Trail of the Lonesome Pine," "Heart of the Hills." But of all the works which his prolific pen produced, none achieved the widespread popularity, the enduring fame which was won by "THE LITTLE SHEPHERD OF KINGDOM COME." This is his most moving, his most human, his most appealing tale.

In fact, there is hardly a man or woman, boy or girl, who is not familiar with the "little shepherd." The book has been read by thousands. The picture made by Goldwyn, with Jack Pickford as the star, will be shown for one day only at the Oneonta theatre, on next Monday, June 7th.

S. Jarvis of Hartwick Seminary, Mr. and Mrs. Mrs. Backus of Morris, Mr. Samuel Moore of Unadilla, Miss Linda Ingalls, and Mr. and Mrs. Stanley Backus of Hartwick.

Mr. and Mrs. Dye have spent 44 years of their married life in Towanda. They were married at Hartwick Seminary on May 21, 1876, by Rev. Dwight Williams. Mrs. Dye's maiden name was Ella Breese, her parents being David and Lucia Breese. They first made their home in Oneonta, where Mr. Dye was a partner of Henry Saunders in the Corner Bookstore for six years, coming thence to Towanda, where they have since resided. They have one son, A. D. Dye Jr. of Elkhon, Pa.

"Mr. Dye has a record of nearly 44 years as a teacher in the Sunday school here. Fourteen years ago he organized the A. D. Dye Bible class, a men's organization. For 25 years he was pianist of the musical end of the Sunday school work. Only recently did Mr. and Mrs. Dye retire from active work in connection with the Sunday school.

"Mr. Dye has been engaged in the hardware business here for years and has always taken a prominent part in public affairs."

The Farm Labor Problem.

In an endeavor to solve the farm labor problem, Governor Smith yesterday sent a letter to the presidents of the Chambers of Commerce of the state, heads of education, labor and agricultural boards, highway transport and county farm bureaus, as well as representatives of labor, requesting their attendance at a conference that will be held in Albany in the near future. The meeting will be held at the capitol and ways and means to meet the situation will be discussed, after which a committee will be appointed to carry out any plan that may be evolved into operation.

WATCH OUT FOR NEW PEST.

European Corn Borer Quarantine Extended in New York State.

Washington, May 28.—The quarantine against the European corn borer covering infested areas in New York state has been extended to include the township of Danfirk, Chautauque county. It is announced by the Department of Agriculture. Notice has been given that the extension of the quarantine became effective May 8. It is supplemental to the original action for checking the spread of this insect taken by the Department of Agriculture March 15 of this year under the plant quarantine act.

In discussing the quarantine, officials of the Federal Horticulture board said that the damage thus far occasioned by the insect in the western New York area had been very slight, but that there was danger of the borer spreading to other sections of the country. Small parts of New Hampshire, Massachusetts and Pennsylvania are also under quarantine. In these areas, particularly Massachusetts, it was said the insects are proving more destructive. No serious spread of the borer is expected, but officials are careful to see that no chances of this are given the insect.

Among the quarantined parts of the state are limited areas in Schoharie and Schenectady counties.

ONEONTA MEN NOT BENEFITED

By Provisions of Recently-Enacted Postal Retirement Bill.

Under the provisions of the retirement rule recently passed affecting post office employees, there are none of the Oneonta men who will be benefited, many having worked in the post office for the required time but all being under the age limit. The rule provides that all men who have been in this particular branch of the service for a period of 15 years and have reached the age of 65 may retire on a competence, the maximum of which is \$29 a month. Men of the required age who have worked for 20 years may retire with a maximum of \$60 a month. The rule provides for different periods of service between 15 and 20 years. It will also be in effect 15 years, a man becomes totally disabled before reaching the age of 65.

The oldest employee in Oneonta is 57 years of age. Charles H. Mahon has been in the employ of the local post office for 27 years; S. E. Hopkins for 27 years; Charles W. Southworth for 31 years; M. J. Hickey for 31 years; W. F. Wilson for 34 years; George E. Bond as city and rural carrier for 31 years and Sperry Hall as a substitute for 6 years, and in the regular service for 18 years, making a total of 24 years, the above being the employees longest in the local service.

The retirement fund will be paid in the form of annuities secured by a tax of 2 1/2 per cent on employees salaries, which will be deducted.

A. M. Butts Pays \$15 Fine.

Arthur M. Butts, through his attorney, yesterday handed in at police headquarters his check for \$15 to meet the fine imposed on him the previous day by Acting Judge Lynn W. Hathaway.

As previously related, Mr. Butts was arrested late last Friday night on Main street by Motorcycle Policeman O'Dell, who charged him with driving at a speed of 30 miles an hour. When arraigned the next day, Mr. Butts pleaded not guilty and demanded a jury trial, which resulted in his conviction Wednesday and the imposing of the maximum penalty.

After the trial Wednesday, Mr. Butts gave it as opinion that he would appeal the case to the county court, but on second thought evidently decided not to do so and hence paid the fine yesterday.

GENERAL MANAGER RESIGNS

C. L. Stone Relinquishes Supervision of Southern New York Railway—Resignation Effective July 1—His Departure Greatly Regretted.

C. L. Stone, for five years vice-president and general manager of the Southern New York Power and Railway corporation, has tendered his resignation, to become effective after July 1, says the Freeman's Journal of this week.

Mr. Stone offered his resignation when it became known that the securities of this corporation had been sold by the Equitable Trust company of New York, the holders, to R. C. McGargill, a public utilities operative, who will take over the property on July 1.

The new owner of the securities will be represented in Cooperstown by C. A. Graves, as general manager, who will make his headquarters in that village about July 1.

Whether the name of the corporation will be changed as has been the custom with other changes in ownership, is not known.

It is not believed that the change in ownership will materially effect the personnel of the organization with the exception of Mr. Stone and C. A. Stanton will continue as chief engineer of the new corporation with H. L. Skirving continuing in the post of auditor.

Has Envious Record.

During the five years that the corporation has been under the management of Mr. Stone, statistics have shown that it has prospered greater than at any time in the previous history of the road. These accomplishments were recorded despite the mounting operating costs, costs of material and increased competition through automobile and motor bus lines.

General regret will be felt at the announcement of the resignation of Mr. Stone, who has not only most effectively carried on the work of the corporation, but who has also made many friends by his uniform courtesy to all who have met him either in a business or personal way. Attentive as he has always been to company interests, he has had the wider vision which realized that whatever was for the public welfare was also, directly or indirectly for that of the railway, and he has wisely acted upon that idea. He was one of the most active workers in the organization of the Otsego County Improvement association, which in a short time has become one of the most important factors in county advancement. While his plans are not yet announced, it is certain that he will carry with him the best wishes of everybody, wherever he goes.

Horse Runs Away.

Last evening, as a horse owned by E. D. Lewis was standing near the Lewis home at the corner of Watkins avenue and Grove street, it suddenly decided to make a dash for liberty and started at a rapid pace down Watkins avenue to Fairview street, and thence across the viaduct. When on Lower Main street, the wagon crashed against a tree and was badly damaged. Being free of the wagon, the horse continued on its way and at last reports had made its way to Collicroft, the Lewis home on South Side, from where it had been driven to the city. No one was reported hurt as a result of the accident.

NEAR EAST DRIVE NEXT WEEK

ONEONTA ASKED TO CONTRIBUTE \$3,450 TOWARD RELIEF WORK.

Rally at Union Service at First Methodist Church Sunday Evening To Be Addressed by Rev. William Pringle, a Chaplain in World War.

While scattering donations have been forwarded to the Near East Relief from this city during the year, the quota of the city, which is \$3,450, has not been attained and a campaign to secure this amount combined with previous donations will open in the city on Sunday and will be followed during the week. It is hoped to secure this amount to care for at least 15 of the poor unfortunates of that stricken country during the week.

Opening the campaign there will be a union service at the First Methodist church Sunday evening, which will be addressed by Rev. William Pringle, a chaplain in the army during the World war, a man who is thoroughly conversant with the conditions in Armenia and the Near East. Mr. Pringle is a very pleasing speaker, who simply tells the story of helpless orphans and unfortunate girls of that section of the world. Certainly all will want to learn of the great work that America is doing to provide food, clothing and shelter for the quarter of million orphans, who are survivors of the Turkish massacres, but who are many of them mere infants, with no homes, no parents or guardians and nothing upon which to subsist except what they may by chance pick up in their wanderings. Certainly Oneonta will not be remiss in this great work, which only America can do.

Aside from the orphans, there are in the neighborhood of 4,000,000 destitute adults in the region, people who have been deported from their homes, their wealth confiscated, and their houses burned. They now find themselves, in many cases, hundreds of miles from their homes, with no way of getting back except by walking across the weary miles of the Mesopotamian plains or the Arabian Desert. It is to assist these people in a material way, but make them earn their assistance, that the Near East Relief is functioning.

There is still another work that the organization finds to do and that is the rescue and care of nearly half a million girls now held in harems of the Moslems. There are 5,000 of them in the city of Constantinople alone. To date, only a few of them have been removed from this distasteful and unwelcome life because of lack of funds to do it.

The business of the Near East Relief is not to furnish a living to these people and then to forget them. Its plans as it is being worked out now is to so assist the people of Armenia, and the other countries of the Near East that within a year or so they will be able to care for themselves. To do this, the money of Americans is needed. If the investment is large enough at this time, there will be no calls on the Americans in the future.

Democratic Women Organize.

The members of the Ladies' Auxiliary of the Democratic committee for Otsego county will meet in Oneonta today for the purpose of organization. Luncheon will be served at 1:30 p. m. at the Wanakena Coffee shop and later there will be an address by Mrs. Elizabeth Colbert of Albany, who is a delegate to the Democratic national convention at San Francisco. Mrs. Zillah Van Cleft will preside over the deliberations of the conference.

Work on New Block Commenced.

Ground was broken yesterday for the building to be erected on Chestnut street next to the Stanton block. The building is leased and will probably be ready for the occupants about July 1st. The store will be of brick, one story in height and will occupy the entire width of the unoccupied space, or 12 feet, with a depth of 40 feet. The owners may possibly in the future add two stories to the building.

Will Give Program at Chestnut Street School This Morning.

Patrons' day will be observed at the Chestnut street school today with appropriate exercises. This is an annual event, at which parents are invited to come and see the work their children are doing, and in the past Patrons' day has always proved a drawing card for the parents and friends.

The following program will be given on the playground at the rear of the school building this morning, commencing at 10 o'clock, under the direction of Miss Moore and Mr. Taylor:

1. Flag Salute. Second and Third grades.
2. Games. First Grade.
3. "Up in a Swing".
4. "Oats, Peas, Beans and Barley".
5. "Engine Game".
6. Wand Drill. Fourth and Fifth Grade boys.
7. Rose Dance. Seventh and Eighth Grade girls.
8. "Tactics". Seventh and Eighth Grades.
9. Shepherdess Dance. Fourth and Fifth Grade girls.
10. Indian Dance. Seventh and Eighth Grade girls.
11. Dumb Bell Drill (Free Exercises). Sixth Grade.

Friends are invited to visit the various class rooms after the program, to inspect the work in handwork, writing, sewing and manual training.

Open Meeting of R. R. C.

There will be an open meeting of the R. R. C. lodge, No. 912, at the R. T. hall Monday, June 7th, at 8 p. m., new time, at which representative C. C. Alden of the Grand lodge and E. H. Bouck, general chairman of the System Board of Adjustment on the D. & IL, will be present with some interesting facts as to what the organization has done and is doing for the betterment of all railway clerks. Every clerk in Oneonta and vicinity is cordially invited to attend and any information desired relative to this work will gladly be given.
